**2019-2021 NSW Heritage Grants - Caring for State Heritage  
APPLICATION UNSUCCESSFUL**

Dear Brian

I refer to your application entitled "Cleveland House re-roof" under the Caring for State Heritage category of the 2019-21 NSW Heritage Grants program.

Unfortunately, your application was unsuccessful.

The program was oversubscribed and not all applications could be funded. Applications were assessed against the criteria outlined in the Funding Guidelines and ranked competitively.

The following comment was made about your application:

- While your application is considered eligible, it was not considered as high a priority as other applications.

The Heritage Division appreciates the time and effort you put into making this application. For information about other funding opportunities visit the Office and Environment and Heritage (OEH) website at <http://www.environment.nsw.gov.au/heritage/funding/assistance.htm>. You may also wish to consider re-applying for funding when this program is next advertised.

A list of all the successful grant recipients will be available shortly on the OEH website at the following link <http://www.environment.nsw.gov.au/heritage/funding/grants1113.htm>.

Should you would like to discuss the matter further, Jan Nye Team Leader Heritage Grants can be contacted on 02 9873 8577 or at [heritage.grants@environment.nsw.gov.au](mailto:heritage.grants@environment.nsw.gov.au)

Yours sincerely

**CATHERINE ALLEN**  
**Acting Director, Heritage Strategy**  
**Heritage Division**
